EDUCATION

BSc in Computer Science and Statistics | *Nrupathunga University, Bangalore*
Jun 2021 – Aug 2024 / CGPA: 8.4

- Relevant Coursework: Web Development, Data Structures, Database Management

PCMCs (Physics, Chemistry, Mathematics, Computer Science) | *Seshadripuram PU College Main, Bangalore*
Jun 2019 – Apr 2021 / Percentage: 90%

High School | *Sowbhagya School, Bangalore*
Mar 2018 – Apr 2019 / Percentage: 85.6%

SKILLS

Programming Languages: Python (Full Stack)

Query Languages: SQL (MySQL, Oracle SQL)

Frameworks: Django, Bootstrap

Front-End Development: HTML, CSS

Tools & IDEs: Visual Studio, PyCharm

Soft Skills: Communication, Problem-Solving, Team Collaboration, Quick Decision Making

PROFESSIONAL SUMMARY

Enthusiastic Python Full Stack Developer with expertise in creating scalable web applications. Adept at troubleshooting, performance optimization, and collaborating on innovative projects. Passionate about leveraging technical skills for impactful contributions.

PROJECTS

- **QR Code Generator:** Developed a Python-based tool to generate customizable QR codes with user-defined colors, sizes, and links, improving convenience in digital interactions.

- **Number Explorer:** A Django-based web app analyzing number properties (e.g., even/odd, palindrome, prime, Armstrong), with results displayed on a responsive interface.
 - **Typing Speed Calculator:** Created a Python application to evaluate typing speed and accuracy across difficulty levels, employing real-time feedback for users.
 - **Screen Recorder:** Designed a desktop recording application using OpenCV and PyAutoGUI, capturing screen activity with customizable settings.
 - **Hotel Management System:** Developed an SQL-based database solution featuring dynamic menu display, customer order tracking, bill generation with GST, and revenue reporting.
 - **Portfolio Website:** Designed and optimized a personal portfolio to showcase skills and projects, achieving a 30% improvement in load time.
-

ACHIEVEMENTS

- Consistent academic distinction (2018–2024).
 - Represented school in district-level science model competitions (2018).
 - Won prizes in debates, poster presentations, and science model-making events.
-

LANGUAGES

- **English:** Fluent
 - **Kannada:** Fluent
 - **Hindi:** Native
-

INTERESTS

- Coding, Video Editing, Esports (BGMI, COC), Cricket, Chess
-
